The Make-a-Wish Foundation of Greece is an affiliate of the Make-a-Wish Foundation International. It is a worldwide charitable organization dedicated to granting the wishes of special children with life-threatening medical conditions to enrich the human experience with hope, strength and joy.

Since it was founded in 1996, Make-a-Wish Greece has granted more than 980 children's dreams with the support of more than 600 volunteers. A child may wish to become a pirate or princess for the day, to meet his favorite hero, to get something he/ she desires or to travel where he/ she dreams of going.

All these dreams become true only thanks to the financial support of sponsors and through the funds we collect by donations, programs like the Wish Star and various fundraising events and bazaars that we organize.

Let's all support the 'Wish Star'!

Currently in Greece, we are all facing financial difficulties; however there are families that also have to deal with the extremely serious health problems that their children are facing.

For this reason, we are asking the students all over Greece, to support us by participating in the "Wish Star" program. This way they will enrich the fight of less fortunate children with hope, strength and joy.

What is the "Wish Star" program and how it works?

By making a 2€ donation, the students will receive a star and on it they can write their name and their wish message for the wish children.

How to implement the "Wish Star" program at your school

1. Present the program to the Parents-Teachers Association
2. Appoint someone, either a teacher or a member of the Parents-Teachers Association, in charge for decorating the school
3. Place your order by sending the order form to our Organization
4. Distribute the Stars and stickers to the students who are participating in the program
5. Send us a photo of your decoration idea (you will receive more information with your order)

With your order you will receive:

1. The Wish Stars that you have ordered
2. The same number of stickers
3. Informative Letters for the parents

Upon completion of the program, your school will receive

1. A receipt for the amount paid
2. A participation certificate
3. Update on which wish was granted contribution of your school

Sincerely yours,

Anastasia Manias
President
Make-A-Wish Greece

ORDER FORM

Fill in the blanks

How you can place your order

Send the order form

- ☐ By email at wishstar@makeawish.gr
- ☐ By fax at 2109637774-5

Haris Patounis

Wish Star Program Director

Letter for Parents

Make-A-Wish Greece grants the wishes of children with life-threatening medical conditions to enrich the human experience with hope, strength and joy. When the dream of a child, battling a life threatening illness is granted, their power and strength becomes so great that they put up an even greater fight against their illness, which is a battle for life it self.

Granting a wish is such a unique and exciting experience that not only does the child's quality of life improve but also their family's life! Every 23 minutes, somewhere in the world a wish is being granted! Since 1997 Make-A-Wish Greece has granted more than 1280 wishes for children!

Through the donations of the **Wish Star** program and the permission that has been given to **Make-A-Wish Greece** by the Ministry of Education, by simply **donating 2 euro** for a Wish Star, you receive a paper star, which in turn becomes a star of love, thus making the life of a sick kid, full of light and hope! A lesson about how precious life is for all our children, a lesson learnt by children who are healthy as to how they can offer to those children less fortunate...

A life lesson for our children: "the healthy child for the sick child!"

Send us your ideas to, wishstar@makeawish.gr by

Let the Wish Star be your inspiration and become creating!

-An original creative decorative idea!

-Create a Wish Star project

-A unique Wish Star photo!

-An inspirational video incorporating the Wish Star!

-A Wish Star song!

All photos, videos and songs will be uploaded onto the official Make-A-Wish Facebook page.

Inform people about Make-A-Wish by re-posting onto your personal Facebook Page and ask Facebook to vote for the most creative idea!

When a dream is granted and comes true for a seriously sick child, the child becomes so overjoyed that they fight and battle against their illness even harder.

Granting a wish is a unique experience and has the power to improve not only the sick child's life but also their family's. It creates protection and gives strength to the child to continue their fight against their illness.

Make-A-Wish Greece belongs to the International Charity Organization, Make-A-Wish International, which was founded in the U.S.A in 1980, it is the only Charity Organization that solely applies itself to the psychology of all ill child not just the illness.

The idea spread to over 50 countries worldwide with the help of thousands of volunteers, more than 310.00 children and their families have experienced unforgettable moments of happiness which in turn gave power and hope for the children who are ill, to fight for their life and win! Make-A-Wish Greece was founded in 1996 and has granted over 1280 wishes to seriously sick children

We would like you to know that we belong to the one percent of charities which have been awarded for it's honesty regarding finance, we have been awarded 4 stars from Charity Navigator and we have also received honorary distinction award for 9 consecutive years. In Greece we are monitored by the independent assessors Ernest & Young.
